

As a logistics management company, we have over 50 years of experience in the transportation field, network with more than 3,000 carriers and 5,000 plus shippers. With our complete logistics optimization package, we are your one-stop solution to provide you with everything you need to bring your logistics to the next level.

Our cloud-based TMS ([Transportation Management System](#)) helps you to automate your logistics functions. Through its user-friendly interface, you can intelligently manage your supply chain operations 24/7, with unlimited users and from unlimited locations. It brings all your carriers into ONE system and centralizes all your shipping activities across the world. We effectively implement and integrate our TMS into your current e-commerce, ERP, warehouse management systems, etc..

Our TMS helps you to:

- **Centralize** all your carriers, rates, and shipping information in ONE place
- Significantly **reduce** the shipping **cost** by rate shopping and selecting the right carriers
- **Save time** by automating and simplifying the shipping process
- **Easily integrate** it with your e-commerce, ERP and WMS platforms
- Analyze and **track** your shipments in **Real-Time** in ONE platform
- Easily audit & **reconcile** shipping invoices
- Create **customized** shipping **documents** and print hundreds of labels at once
- Conveniently track your carriers' performance and shipping cost with our **live dashboards**

[Moreover](#), we turn your shipping data to actionable insights to help you reduce your shipping costs, select the right carriers and shipping methods, and ultimately optimize your supply chain.

Sincerely,

FareTrade team
